ROMP OVER TARKIO BY A 31-20 SCORE

BEARCATS GET REVENGE ON ANCIENT FOE

TOYED WITH THE TARKS

Playing With Substitutes Coach Maynor's Men Show Superiority Over Giblette's Five.

Before a crowd of 500 persons, nearly one third of whom were from Maryville, the State Teachers College Basketball team defeated the Tarkio College team at Tarkio last night by a score of 31 to 20. The local eagers clearly outplayed their opponents and the game was on the ice soon after it had started.

The Bearcats were clearly superior to the Tarkio five in all departments of the game. They passed better, shot better, guarded better and had more fight than the Tarks and consequently they won.

The score at the end of the first half was 20 to 8. At no time was Tarkio in the lead or any way near the lead except in the first minute when Kyle, Tarkio captain, started the scoring of the game with a field goal. However Kirby, for Maryville, immediately tied the score when he took a pass under his own goal, dribbled the length of the floor and shot a goal. From then on Maryville juts toyed with Tarkio and the outcome of the game was never in doubt.

There were no individual stars. Kirby and Ellis were perhaps the strongest players for Maryville but there were no stellar lights.

For Tarkio, Westbrook was perhaps the best player. However this man, center and captain on the all-M. I. A. A. team last year was a keen disappointment. He just couldn't deliver the goods.

Kyle, the Tarkio captain, played a fair game but he is still inclined to be a dirty player.

Leech, Maryville forward and captain, did not make the trip to Tarkio. He has been ill for the past week and was forced to stay at home in bed. Miller, the other forward, was also ill all week but he went to Tarkio and even played part of the game. However he was too weak to play the whole game.

The victory last night in some means revenges the Bearcats for the double dose of defeat that the Tarks administered last year. The two teams meet in Maryville on March 1 in the final game of the Bearcat season, and the members of the team are looking forward to winning from the Tarks in their last game.

The victory last night make seven games won for the local to five lost and puts them in about fourth place in the conference.

The game was refereed by Peters of Kansas City Northeast.

HIGH SCHOOL TEAMS TALLY 2 VICTORIES

GIRLS DEFEAT COLLEGE SPRINGS 19 TO 9.

MOUND CITY LOST 42-31

Girls Game Was Fast If Not Close—Boys' Game Was Clean—Season Closes Next Week.

Both of the high school basketball teams won in the games last night, at The High School gym. The girls won by a score of 19, to College Spring's 9. The boys beat the Mound City basketeers by the score of 42 to 31. Both visiting teams seemed to play better in the last half of each game.

The Maryville and College Springs girls had a fast game, even if the score was not a close one. The Maryville girls have improved very much, since the first of the season, and last night their team work was very good. The College Springs girls also played a good game. New and Murray, the Maryville centers did some nice playing, while the College Springs guards, McGinness and Owen, kept the Maryville forwards from making many a goal.

The Maryville and Mound City boys played a fast, clean game. There were very few fouls committed. There were no outstanding stars for either team. The Mound City team was rather slow in the first half, but they made up for it in the second period. Fannon did some pretty shooting in the first half, eaging seven field goals. Masters and Ogden both made some goals, Ogden shooting three, and Masters, two. Taylor for the visitors made three goals, while Borchers made two and Carmichael one.

The Mound City boys had a comeback during the second half, and they played a much faster game. Carmichael and Taylor each made three goals, and Borchers and Fields tallied one apiece. Fannon and Masters also made three goals apiece, and Ogden made two. Fannon shot two free throws, during the second half.

Next Friday night both the girl's and boys' teams will close their schedule for the year. The boys will meet Benton High in a return game at St. Joseph.

The Maryville team defeated Benton when they played here, the score being 32 to 21. Th girls journey to Burlington Junction for their last game. Burlington Junction won from the Maryville girls here on the 2nd of this month, the score being 11 to 7. The preliminary was scheduled to be between the College Seconds and the Maryville high school team. However, owing to illness this game was called off and the Rosendale team was secured. DEATH KNELL SOUNDED FOR HARDING'S BILL.

ENDS TEN WEEKS BATTLE

Exact Hour Set Is 1 O'clock Monday Afternoon—Lenroot Wanted "Services" Held Today.

Washington, Feb. 24—The ship subsidy bill, battered by ten weeks of bipartisan attacks on it in the senate, was struck the death blow this afternoon, when administration leaders announced that they had agreed to toss it away to a legislative death Monday.

An effort to arrange an amicable agreement on the legislative "funeral," brought a new clash with Senator Lenroot, Republican of Wisconsin, who objected to the request, which would kill the bill shortly after 1 o'clock Monday afternoon. He declared that he was in favor of holding the "funeral" today.

The Senate finally reached an agreement to hold the "funeral" Monday afternoon. Senator Curtis, Rebublican of Kansas, proposed an agreement to postpone further actions on it until Monday. It was accepted by administration leaders as a filibuster ruse.

The members arrived in Maryville at 1:15 o'clock this afternoon, their train being over eight hours late. Wilfley of the Chamber of Commerce. L. E. Ziegler, superintendent of the public schools, told of the help and assistance the college has been to the city public schools.

Each member of the appropriations committee made a short talk. Mr. Hopkins of Atchison county, who was chairman of the appropriations committee of the house two years ago, at which time the appropriation was made for the building of the residence hall, was very much pleased with the new building. Other members of the committee spoke highly of the new Residence Hall and also stated they would do the very best they could after seeing the needs of the institution.

Mr. Blagg explained briefly to the members the need of a gymnasium building for which $100,000 has been asked. He also told about making a dormitory for men out of the old seminary building if the money can be had for this purpose.

The members of the committee had only a short time to go over the building and to have the various items of the College budget explained to them. They left Maryville this afternoon on the Burlington train.

Chairman McGregor of the committee in his talk said that Representative Job of this county was sorry he could not make the trip with the committee on account of being too busy as chairman of the accounts committee.

COLLEGE ANNOUNCES H. S. MEET EVENTS

Continued from page 1

the high schools will be held Saturday afternoon April 28 at 1:30 o'clock. The events this year have been scheduled for hours that will enable the meet to be run off in better time than before.

As usual the contestants will receive their numbers at 8 o'clock on the morning of the day of the meet and preliminaries will be held at 10 o'clock in the dashes, hurdles, pole vault, jumps, shot put, and discus.

The contestants this year will be divided into two instead of three-classes. Class A will be for students of high school with an enrollment of 151 or more students and Class B will be for schools with an enrollment of 150 or less.

For all the contests an enrtance fee will be charged each contestant. This is a new feature to the contests but it is amply covered by the College bearing the entertainment of the contestants. In the past the high schools bore the board and lodging of their representatives and no entry fee was charged.

A paragraph from the bulletin states:

"The Maryville Teachers College will provide room and board and a season ticket for the entire program to each contestant who is officially entered; provided all meals are taken at the College cafeteria on tickets furnished by the Entertainment Committee and all lodging is at the place assigned by the Entertainment Committee. The tickets and assignments for entertainment will be sent in advance to the Superintendents or Principals of the respective schools.

"Teachers from schools taking part in the meet will be provided with tickets, meals and lodging on payment of a registry fee of $2.00 before April 16. Names and fees of teachers must accompany the entry blanks from their respective schools.

"(Accompanists for all music groups except orchestra are regarded as teachers.)"

An Auxiliary Drive to Be Held Sunday

Owing to the fact that the drive for funds for religious education, which was held last Sunday, was not complete dan auxiliary drive will be held tomorrow afternoon to canvass the remaining eleven out of twenty-six districts.

Those who are to assist in the canvass will meet in the rooms of the Nodaway County Sunday School Association in the Mutz building and from that point the solicitation will be carried on.

The work done last Sunday was quite successful and it is believed that it will be completed tomorrow.

William Hutcheon of Bolckow visited in Maryville yesterday.

Monday.

THE ROAD TO WANT.—He that oppresseth the poor to increase his riches, and he that giveth to the rich, shall surely come to want.—Prov. 22:16.

Tuesday.

THEY SHALL NOT BE WEARY.—They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint.—Isa. 40:31.

Wednesday.

RETURN TO THE LORD.—Let the wicked forsake his way, and the unrighteous man his thoughts: and let him return unto the Lord, and He will have mercy upon him: and to our God, for He will abundantly pardon.—Isa. 55:7.

Thursday.

THE RIGHT ATTITUDE.—O come, let us worship and bow down: let us kneel before the Lord our Maker. For He is our God; and we are the people of His pasture.—Ps. 95:6, 7.

Friday.

LOVE NOT THE WORLD.—Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him.—I John 2:15.

Saturday.

MAKING HASTE TO BE RICH.—He that by usury and unjust gain increaseth his substance; he shall gather it for him that will pity the poor. A faithful man shall abound in blessings; but he that maketh haste to be rich shall not be innocent.—Prov. 28:8, 20.

News From Over The County

Hopkins Journal.

Mrs. Elizabeth Graham, who spent the winter with sisters at Long Beach, California, returned last week and the colder we have been having the past few weeks is quite a contrast to the climate she so recently left.

Cloud Glen Clark, infant son of Mr. and Mrs. Glenn Clark, died Feb. 14, being but four days old. Burial was in the Hopkins cemetery Feb. 18 where a short service was conducted at the grave by Rev. C. E. Wright.

Guy Wray has moved to a farm near Maryville. The farm vacated by him will be occupied by Mr. Morris, a son-in-law of Henry Wray.

Fred Gray, the grocer and butcher, has killed for other people this winter 400 heads of hogs, all kinds, sizes and colors, the largest one weighing 850 pounds. He has also killed many cattle and a few sheep, his head man Lo Hopple, assisted by Fay Gray, being "bears" as slaughter men.

Miss Minnie Graybill and Wayne Hensley were married one day last week and it is supposed will make their home on a farm near Hopkins.

Conception Courier.

While engaged in his duties at the C. G. W. yards here last Friday, Alonzo Curtin had his left limb from the knee down to his foot badly scalded, a hot water pipe bursting being the cause. His condition at present is not much improved.

Mrs. S. E. Savage entertained a few friends and relatives at dinner Monday in honor of her sister-in-law, Mrs. J. S. Bomoiski, of Duluth, Minn. Those present were Mrs. Ira Filbert, Mrs. Frank Merrigan, Mrs. Maurice F. Egan, Jr, and Miss Eulalia Corcoran.

Barnard Bulletin.

Warren Campbell sustained severe injuries when his truck ran over him Friday night after the Barnard-Bolckow basket ball game. He had driven to the home of Paul Campbell and had left his truck in Campbell's garage while he went to attend the game. Upon his return he ran in to crank up and get his truck out and the truck was in gear. It started and ran into him forcing him through the back wall of the garage. The truck stopped only when its front wheels had gone over the 15 inch foundation at the rear of the garage. Campbell sustained several broken ribs, his hips were twisted and he had many bruises. At this time he is reported to be improving. He said he had been driving cars for twelve years continuously and this was the first time he was ever hurt with one.

Leige Jackson has been ill with flu and threatened with pneumonia the past week. Two weeks ago he went to Mountain Home, Arkansas, to the home of Jake Everhart, trying to locate a man and family to keep house for him this year. Upon his return he was taken ill in St. Joseph and was compelled to remain there from last Thursday till Tuesday of this week, when he came to his home. He says he is improving now.

He was able to get a man and family named John Hipsher, to live with him this year. They will arrive here within a week.

Dr. Logan Wood's residence was burned to the ground Sunday morning in Bolckow. A defective flue is supposed to be the cause of the fire. The household goods were all saved and the house was fully covered with $1500 insurance. The house was owned by a Mr. Dougan.

George Wrentmore, a nephew to Mrs. John Price, was badly hurt in Manila, January 11, according to a letter received last week. He was helping to take a tractor up a steep incline across the bay from Manila, by means of a cable. Wrentmore was riding the tractor, guiding it, when the cable broke causing his injuries. His arm was crushed so badly that it had to be amputated. His head was also badly hurt. Wrentmore visited in Barnard when he was a small boy. He is now about twenty-five years old.

So far, Wm. Hager the iceman has about one-seventh of the amount of ice he usually puts up during the cold winter. Last week during the cold snap he was able to put up about 100 tons, while his normal harvest is nearly 700 tons. The ice put up was good quality.

What might have been a very disastrous fire occurred at the home of Mr. and Mrs. E. R. Nelson just east of Barnard, Tuesday morning when the attic caught fire, supposedly from a defective flue. The prompt response to the call for help on the part of Drue Ferguson and others saved the house from very serious damage.

Burlington Junction Post.

Burlington Junction had another fire Friday morning, and this time there came near being a total loss of a good residence property. Shortly before nine o'clock smoke was seen rolling from the roof of the C. H. Miller property on Roseberry Ave., occupied by Mr. and Mrs. C. D. Wagner. The alarm was turned in, and even the first arrivals on the scene held no hope for saving the house. But quick and effective work with the city chemical wagon and a bucket brigade checked the flames, holding the loss to a few hundred dollars.

Neal Walker, who has been having a severe tussle with an infected gland of the throat, was able to return from the hospital at Maryville the latter part of the week and is now at the home of his sister, Mrs. W. R. Miller.

D. A. R. Members Give Original Toasts In Verse On Washington

A program of after dinner toasts in original verse was given at the luncheon which the Daughters of the American Revolution gave Thursday at the Girls' Residence Hall in observance of George Washington's birthday. Three of them appear below and three will be published in Monday's edition.

"Washington, the Husband"

George was a wonderful husband,
Martha was a wonderful wife.
I venture to say that she never tried
To boss George in her life.

I think that he ruled his household
Just as he ruled the state.
And Martha was proud to obey him,
And called him an ideal mate.

George was a tip-top president,
And kept down war and strife.
A real he-man to govern
Both a nation, and a wife.

—Mrs. Henry A. Foster

"Washington, the Boy"

With simple courage and a heart undaunted
He bore his country's burdens.
No turning from the long, rough road
Of hunger, cold or hardship marked his way.
But with clear vision of the thing he wanted
Sweet freedom for a new-born nation-
He chose the troubled path that men have trod
Who've sacrificed themselves since that first day
When Love had its creation.

What was the boy who grew into this man
What were the workings of the heavenly plan
That gave us Washington?

A boy—he must have dreamed of vast, waste places-
The untracked forest in whose shadows lay
The secrets of wild life;
The scream of panther through the long, still night,
The squirrel's chatter and the sudden flight
Of wild birds from some lonely place,
The flower that blossomed and the falling tree
Told him of life untrammelled Liberty.
In none of Nature's phases could he trace
The passing semblance of captivity.

He was the child of wilderness.
He caught her spirit and the calm
Of her great fortitude lodged in his heart.

In after years when came the stress and strain
Of tireless effort and the pain
That great souls find:
The impulse to give way-or seek release,
His memory flashed back to childhood's day
And nature spoke to him of truth and right
And following in their footsteps-magic peace.
And he grew strong again.

A child of silent places-Nature's son-
The boy who grew to be-our Washington.

—Miss Blanche Dow.

"Washington, the Man"

On the banks of the Potomac stands a stately mansion wide.
It was to this spacious homestead George Washington brot his bride.
Martha Custis was a lady of intelligence and grace,
She was amiable of character, as well as fair of face.
Life was pleasant at Mount Vernon, and they dwelt most happily.
Flung wide were all the portals, in hospitality.

Washington was tall and mighty, hair of brown and eyes of blue;
A man of dignity and wisdom, yet he was fond of pleasure too.
Every day in hunting season, rode he forth with horse and hound.
He loved the open air existence; kept his mind and body sound.
Thus lived the Virginia colonel, in uniform of blue and tan.
Today we all revere the memory of Washington, the man.

—Mrs. Dale Bellows.

Probe Started in Kansas City Fire

Testimony Today Shows That Garage Owner Was Drunk—Final Check Shows 13 Victims.

Kansas City, Kans., Feb. 24.—Testimony to the effect that Thomas C. Hattley, owner of the garage in the combination brick and frame building, which burned yesterday causing the loss of thirteen lives, was drunk, was given in the investigation of cause of the fire today. E. J. D. Hodge, a taxi driver for Hattley, testified that he found Hattley in a drunken stupor sitting in front of a stove in the garage at 11:30 o'clock the night preceding the five.

Kansas City, Kas., Feb. 24—Official investigation in an effort to place the responsibility of the fire yesterday, that completely destroyed the two story brick and frame rooming house and took a toll of thirteen lives, was begun today.

Officials of Wyandotte county and Kansas City, are also probing the charges that Thomas C. Hattley, proprietor of the garage on the ground floor, where the fire started, had been drinking and had a red hot fire in his stove.

All of the victims had been recovered this morning and identified, and the total toll of the fire was established at thirteen.

Museum Shows Ancient Customs.

One of the recent attractions added to the historic city of Lourdes, which has been the scene of many pilgrimages for the cure of physical ills, is a museum to illustrate the old customs of the natives in that region of France.

Six halls in the museum are reserved for a permanent exhibition of the furniture and costumes of the Pyreneean people, the equipment of their artisans (weavers, potmakers, shepherds, hunters, fishers, etc.) and their characteristic footwear. In other rooms are displayed botanical, geological and entomological collections, also painting, sculpture and applied arts of the region.

Pen Picture of Popular Author.

H. G. Wells is described by a contemporary journalist as being almost shrilly youthful, with a high-pitched voice and vehement temperament. He is a stocky little man with a bristling mustache and a bristling attitude. He is further said to be incredibly industrious, fond of friendship, and a perfect host.
